**Thank you for purchasing and using this product!**

In order to bring you a better experience, please read this operation instruction carefully before using this product and keep it properly for future reference.

**Specifications**

Product Name	Magnetic Car Mount
Model	W11C
Material	Aluminum Alloy
Applicable Place	Air Vent, Dashboard
Charging Interface	Type-C
Temperature	32°F-104°F
Input Voltage	5V/9V/12V
Input Current	2A-2.1A
Output Power	5W/7.5W/10W/15W

The parameters above are derived from the laboratory of OHLPRO. The actual parameters may differ from product to product or other factors. All images shown here are for reference only.

**Overview**

**Standard**

Support Base      Fixed Nut

Type-c Interface

Metal Ring (Single-use not reusable)      Charging Cable (1M)

Instructions      Match-up Card

**Optional**

**Clip A - Twist-lock Air Vent Clip**

Ball Joint      Air Vent Clip

Locking Handle      Supporting Plate

**Clip B - 3M Adhesive Base**

Ball Joint

Support Arm      Bendable Part

3M Adhesive Sticker

**Clip C - Air Vent Hook**

Ball Joint      Fixed Hook

Locking Handle      Supporting Plate

**Clip D - Extended Arm Air Vent Clip**

Connection point/Joint      Air Vent Clip

Locking Handle      Supporting Plate

Ball Joint

**E - Car Adapter**

INPUT:DC12-24V  
QC3.0:DC5V-3.0A/9V-2A/12V=1.5A  
QC3.0:DC5V-3.0A/9V-2A/12V=1.5A

Card Position      Aluminum Alloy

Power Contacts

**Installation Instructions**

**Use with Clip A - Twist-lock Air Vent Clip**

1.Assemble the air vent clip as shown in the illustration

2.Push the ball joint firmly into the groove on the back of the car mount then tighten the fixed nut.

3.Twist the screw knob to expand the hook

4.Find a suitable place to insert the car mount. Tighten the screw knob to fix the car mount. Adjust the angle of the car mount to fit your sight.

**The Suitability of Car Air Vent**

The air vent clip could be compatible with horizontal and vertical air vent outlets. But it cannot support non-intensive, circular or special-shaped air vent.

**Note:** Please do not twist the air vent clip too tight, to protect the air vent blade and air vent clip.If the air vent is not compatible, please contact our customer service

**Use with Clip B - 3M Adhesive Base**

1.Push the ball joint firmly into the groove on the back of the car mount then tighten the fixed nut.

2.Use a wet wipe to clean the area where the car mount needs to be attached, wait for it to dry.

3. Remove the protection paper of 3M adhesive from the base of the mount.

4. Attach and press firmly the base on the cleaning area. Please let it stand for 1 day to achieve maximum adhesion. Adjust the angle of the car mount to fit your sight.

**Use with Clip C - Air Vent Hook**

1.Assemble the air vent clip as shown in the illustration

2.Push the ball joint firmly into the groove on the back of the car mount then tighten the fixed nut.

3.Twist the knob to expand the hook.

4. Insert the car mount into a proper position of the air vent, so that the hook hooks the air vent blade sturdily. Then fix the support plate and tighten the knob to lock the car mount. Adjust the angle of the car mount to match your line of sight.

**Using Steps**

The magnetic car phone charger mount shall be used in the following 3 usage conditions. Please choose the corresponding usage according to the model of your mobile phone.

① iPhone 15/14/13/12 series mobile phone:  
Direct magnetic attraction is OK

② iPhone 15/14/13/12 series with original or magnetic case:  
Direct magnetic attraction is OK

③ Other situations (iPhone 15/14/13/12 series with non-original non-magnetic case, or non-iPhone 15/14/13/12 bare machines/phones with a mobile phone case ):It shall be used by matching up with metal rings

**Assembling the Metal Ring**

Use a cleaning wipe to clean the back of the phone (or phone case) where the metal ring needs to be posted.

Take out the pairing card and fix it on the edge of the phone /back of the phone

Remove the protective cover of the transparent sticker, aim it at the half-circle of the match-up card before pasting it on the back of the phone (or phone case)

Tear off the protective paper of the metal ring and paste the metal ring onto the transparent sticker.

Press firmly along the metal ring to secure it.

Remove the match-up card and the installation is completed

**Attentions**

- When using this product, please use an adapter with an out-put of 12V or compatible with QC 3.0 PD 2.0 quick charging function. Without this parameter car adapter can not guarantee the normal fast charging of cell phones.
- No metal objects, such as iron sheets, rings, and metal protective coverings, can be placed on the contact surface during charging, which would affect the adsorbing effect.
- Please make sure you are using the iPhone 12 13 14 15 series MagSafe cases. It is can't compatible with Non-MagSafe cases. Non-MagSafe cases make the magnetic force weak and can't charge.
- Your phone must have magnetic attraction and wireless charging, otherwise it will not work properly.
- This product has the function of input over current and over voltage protection. The improper use will shut down or reduce the output power. Please check whether the device is abnormal or improperly used.
- Keep the operating ambient temperature at 32-104°F, do not place the product in water and fire, and the environment- is with too high (>104°F) and too low (<32°F) temperature.

- To better protect your phone, it is recommended that you paste the metal ring on the back of the phone case.
- Please do not disassemble.
- Please install the car mount in a suitable place before starting the journey, do not operate and adjust the car mount while driving.
- Do not install the car mount in places that interfere with the airbag or driving.
- Keep the car mount away from children.
- Incorrect use or improper placement of the product by the user may lead to a reduction in the service life of the product or damage to the product. The consequence thus incurred is not within the scope of the warranty or the manufacturer's responsibility. We hope you can kindly understand.
